A Note From Our Founder

Dear %firstName%,

As autumn arrives, I am reminded of how community shines brightest when we come together with compassion. This October is a powerful month for Feeding Pets of the Homeless.

Across the country, dealerships are hosting **Fill a Vehicle drives**, rallying their communities to collect pet food and supplies. What began as one dealership's idea in Carson City has grown across the southwest, easing the burden for countless pet owners struggling to provide for their beloved companions.

Later this month, we will also highlight **Donor Advised Fund (DAF) Awareness Day on October 9**. DAFs are one of the many ways our supporters sustain this work and ensure stability for the future. They provide an opportunity to give with lasting impact, fueling emergency veterinary care, food programs and the services that bring hope to people and pets in crisis.

Here at home, we are preparing for our **Free Pet Wellness Clinic on October 11** in Carson City. These clinics provide vital care including vaccinations, wellness checks and preventive treatments that many families otherwise could not access. Each clinic is a reminder of the deep bond people share with their pets and how your support makes this care possible.

Every bag of pet food collected, every vaccination given and every dollar donated tells a story of love and resilience. Thank you for being part of this mission. Together, we are creating a community where no pet is left hungry or without care.

Success Stories That Matter

Highlighting Those Who Deserve It

Hi, I'm Kira.

I'm a 3-year-old Husky living with my mom in our car in a safe parking lot. We were evicted from our apartment, and we've been searching for housing ever since. Through it all, my mom has been my rock, and I've been hers.

At a dog park, I was attacked by another dog and suffered a bite on my leg that needed stitches. My mom rushed me to a local urgent care, but she didn't have the finances to cover the bill. The vet gave her a list of resources to try, and she reached out to Feeding Pets of the Homeless.

After a quick phone interview, I was approved for help. I was hospitalized, underwent soft tissue surgery and returned to my mom with an e-collar and pain medication. The doctor even donated some of his services to lower the bill.

Now I'm back with my mom, healing and safe. Feeding Pets of the Homeless contributed \$397 toward my care.

A note from my mom:

"Thank you so much for helping Kira so quickly. She is out of surgery and recovering. You helped save her life and I can't thank you enough."

Your support makes outcomes like mine possible. Please donate today to help pets like me stay healthy and with the people who love us most.

DAF DAY

October 9 is Donor Advised Fund Awareness Day, a nationwide reminder that charitable dollars in DAFs are meant to be put to work.

By recommending a grant from your DAF to Feeding Pets of the Homeless, you help provide emergency veterinary care, food, and wellness services for pets whose families are struggling.

DAFs are one of the simplest and most tax-efficient ways to make a lasting impact.
